Forecast For Tayside, Central & Fife
Issued by Met Office Aberdeen
at 1600 on Wednesday 22 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Windy tonight. Occasional rain in west on Thursday, east dry.

This Evening and Tonight:
Patchy rain dying out this evening. Then the rest of the night will be mainly dry although a good deal of high cloud around. Some rain returning to the west later. Becoming windy with local gales in the east. Minimum temperature 8 deg C (46 deg F).

Thursday:
A mostly cloudy day, some rain at times across the west. The east will be mainly dry with some sunshine breaking through. Strong winds soon easing down in the morning. Maximum temperature 17 deg C (63 deg F).

Outlook for Friday to Sunday:
A lot of dry and bright conditions for Fife and eastern Tayside but quite windy at times, light rain a lot of the time for western areas.
